- Licensing
- Marketing Authorisations
- Mergers and Acquisitions
- Regulatory
- Sale and Purchase of Pharmaceutical Companies

We are well placed to advise and assist your organisation on a wide range of corporate finance, commercial law and regulatory matters that may affect your business.

THE FIRM

RT Coopers is a commercial law firm focusing on technological advances occurring in a range of industry sectors in particular, the life sciences, biopharmaceutical and pharmaceutical sectors. Dr Rosanna Cooper is in charge of the pharmaceuticals and life science sectors. She is trained to PhD and post-doctoral levels. Dr Cooper draws on the expertise of her team when advising on the

issues affecting your organisation. Together they combine their specialist scientific knowledge and understanding of your industry sectors, with the legal experience necessary to provide creative solutions to problems arising from complex intellectual property (IP), regulatory, corporate and commercial law issues.

SOME OF OUR SERVICES

We appreciate that good quality legal advice is crucial to pharmaceutical organisations like yours, wishing to create new products, exploit products or form joint ventures.
